Reasons for excisions:

A number of excisions are required to the publication in order to remove depictions that cause the publication to tend to promote and support the use of urine in association with sexual conduct. Excisions are also necessary to remove depictions of sexual activity that degrade, demean and dehumanise the female participants to a high degree, and one sequence also represents women as inherently inferior. The women are degraded, demeaned and dehumanised by the activities, by the way that the scenes are filmed and by the way that they are positioned and treated.
